

Overlook Systems Technologies, Inc.

"Committed to Excellence"

A small business specializing in all aspects of the Global Positioning System (GPS) and Positioning, Navigation, and Timing (PNT) technology in general. Overlook has a long history of providing support to Office of the Secretary of Defense (OSD) on GPS and evolving PNT-related matters dating back to the company's formation in 1987. Corporate headquarters is in Vienna, Virginia, serving the National Capital Region, with additional business activity in Colorado Springs, Albuquerque, Los Angeles, and Omaha.

MISSION AREA EXPERTISE

- The DoD and National Positioning, Navigation & Timing (PNT) Enterprise
- UAS PNT-Enabled Operations and Vulnerability Analyses
- Electromagnetic Spectrum Control and Joint Electromagnetic Spectrum Management Ops
- Joint Space Operations
- Joint Cyberspace Operations
- GPS Signal Interference Analysis
- Critical Infrastructure Vulnerability Analysis
- Homeland Defense & Homeland Security
- International Global and Regional Navigation Satellite Systems (GNSS and RNSS)

FUNCTIONAL AREA EXPERTISE

- Policy Development & Fiscal Analysis
- Counter UAS (CUAS) Test & Evaluation
- Current Operations, Joint Exercises, and Joint Operational Planning
- Vulnerability Assessment and Intelligence Community Interface
- Strategy, Project, & Process Management
- Technology Analysis, and Test Planning, Execution, & Reporting
- Modeling & Simulation
- Configuration Management
- Software Engineering
- Cryptographic Architecture & System Security Certification
- Systems Engineering & Integration
- Interagency Processes and Cooperation
- Defense Acquisition System (DAS) & JCIDS: JROC and JCB Processes
- Planning, Programming, Budgeting, and Execution (PPBE) System Experimentation, Concepts, and Doctrine Development

CONTRACTUAL FOCUS AREAS

- National-level PNT Policy, Governance, Technology Analysis, and International Implications: procedural and technical support to the DoD CIO as Principal Staff Assistant (PSA) for PNT
- Congressional Liaison
- Navigation Warfare Concepts, Threat Analysis, Warfighter Support, and System Performance Assessment
- CUAS Tactics, Techniques & Procedures (TTP) Development
- GPS Ground Control Segment Sustainment
- Space Vehicle PNT Solutions
- Programmatic and budgetary inputs supporting annual POMs (Program Objective Memoranda) for the Navy
- Analytical, technical, programmatic and financial support services for PNT Branch and Space Branch, CNO N2/N6
- Military GPS User Equipment Security Architectures
- Navwar Compliance
- Assured PNT Certification

COMPANY HIGHLIGHTS

Core Capabilities

- Professional Services
- Engineering Support
- Autonomous Vehicle Vulnerability Analysis
- Studies, Analysis, Evaluations
- Acquisition Management
- International GNSS Support
- Market Research

DoD Focused Activity

- DoD GPS Security Policy
- Navigation Warfare
- Test & Exercise Planning, Execution and Reporting
- PNT Analysis of Alternatives
- PNT Threat Development

Customers

OSD, Joint Staff, USSTRATCOM, Army, Air Force, Navy, USCG, NSA, NRO, NSSO, DHS, DOT, FAA, and NASA.
